Packaging inner/dispatch	25/250

UP<sup>1</sup>, the new flush-mounted range for electrical installations, takes installation to a whole new level and makes it easier than ever before. The tried-and-tested standard flush-mounted box has been updated and now boasts many new, practical features.

- Stable and side-neutral combination
- Fully insulated through-wiring close to the base for deep boxes
- Breakaway bridge
- 4 triple screw domes / expanding claw fields for secure hold
- Introductions in the bottom of the box and electric cable and cable feed-throughs near the bottom
- Kombi-Öffnungen M20/M25
- The product has been tested for harmful substances and can be incorporated into sustainable construction projects using the SHI product passport
