

SD 30 Plug-in Dowel 32030

CE
10/2025

Areas of application:

Suitable for fastening cable ties up to 9 mm width in concrete and brick wall especially for temporary installation.

Installation Guide:

Drill a hole with a diameter of 6 mm and only 27 mm depth and insert the plug-in dowel. Then slide the cable tie through the opening of the SD30, lay in the cable(s) and close the cable tie.

Product details:

Colour	light grey
Content pack/box	100 / 4.000

Product benefits/properties:

The SD30 enables a secure and time-saving fastening of cables to walls and ceilings, for e.g. temporary construction, by using a cable tie. The necessary drill depth is only 27 mm.

Technical data:

Material	PP Temperature range: -10 °C up to +85 °C silicon-free halogen-free
Weight per piece	0,85 g
Max. recd. load	Concrete 30 N
Breaking load	Concrete 203 N
GTIN (EAN)	9 008439 420308
